Dear Mr. Menist

To answer your letter in haste, for I am finishin up a sequel that addresses itself very much to some of your opinion (WHITEWASH II: THE REPORT ON THE WARREN REPORT + WHO DID IT?)

I believe it is politically possible to have the case reopened, by Congress, as I say in WHITEWASH.

If you want to express an opinion, I'd say with letters to your Congressman and Senators, copies of the White House. Also, letters to the editor and talk to friends to get them to read on the subject, form their own opinions and express them.

There is little liklihood Marina will sue anyone. Why the mother hasn't I've often wondered myself.

Sincerely,
